## DREAM! It's Your Choice by Gary Eby

What is it you really want? Unfortunately, so many people haven't dreamed in so long they actually don't even know what they want any longer! You have got to stir up that dream inside of yourself. Your dreams and your destiny aren't determined by "CHANCE" but by "CHOICE"!

You can have anything in life you want... if you know what you want! Do you remember in Alice in Wonderland, Alice asked the cat, "Would you tell me, please, which way I ought to go from here?" The cat answered, "That depends a great deal on where you want to go." Alice said, "Oh, I don't much care." He answered, "Then it really doesn't matter which way you go."

Which way do you want your life to go? What do you want? It's your choice! You are in control. Quit blaming others for your disappointments! Make a quality decision to get up... and get going! Life goes on!

Renew your personal commitment to "Life". Renew your dreams. Renew your vision. Don't let time, circumstance, or catastrophe keep you from turning your life around. It's your choice! You absolutely have to have a vision! Helen Keller once said..."The only thing worse than not having sight is not having vision."

Ancient scripture says... Without a vision the people perish! In Eby English, you'll shrivel up and die without a vision! If you don't know where you are going, how will you know when you get there?

Your vision must be effective, clear, challenging and inspiring to be valid.

Where are you going? Eleanor Roosevelt once said, "**The future belongs to those who believe in the beauty of their dreams.**" Never let anybody steal your dream or vision!

Life's results are not by chance... but by choice!

**Make it a Great Month! After all, it's your choice...**
